An affinity with the sea or the love of our natural environment, a scattering of ashes ceremony at sea is a tranquil way to return to nature in peace.

Our comfortable vessel takes you and your loved ones on a short cruise to a selected destination where you can scatter the ashes and say your farewells.

On arrival, the vessel motors' are turned off allowing us to float in peace. If you've chosen a favorite song, the music can be played during the ceremony and the exact location is logged with our GPS identifying the place the ashes were scattered, allowing you to re-visit at a later date, we will also provide you with a certificate with these coordinates.

Sit back with a complimentary tea/coffee and cake or purchase a beverage from our licensed bar, while we cruise this stunning scenic coastline.

We believe you need time to reflect and enjoy the day, so let our friendly and experienced staff take the stress out of the occasion and make it a most memorable experience.
